Western Integrated Materials Interior Windows & Glazing Systems

Interior Windows

Sidelights - A window attached directly to a door frame - the mullion between the sidelight and door frame comprises integrated pieces of aluminum.

Borrowed Lights - A window separated from the door frame by a wall system, normally drywall or partition.

Recessed Pocket Glazing System

This system is designed for standard wall sizes and incorporates a glass stop as an integral part of the framing member. The glass edge is recessed into the frame, giving a flush appearance. The system is currently available in the following sizes:

313 Series - 3-3/8" **	318 Series - 4-7/8"	320 Series - 5-1/4"
315 Series - 3-3/4"	319 Series - 5"	321 Series - 5-1/2" *
316 Series - 3-7/8" *	219 Series - 5" (for 1/2" glass)	327 Series - 7-1/4" ***

* Stocked in Clear Anodized only

** Stocked in Clear & Bronze Anodized only

*** Stocked in Clear & Black Anodized only

Any frame can be painted in a WIM Standard baked enamel or custom color (additional charges & lead times apply). Bronze & black anodized frames are also available in our 400 (custom size) series.

Applied Stop Glazing System

This system incorporates a door frame extrusion with an applied glazing stop. This system can be used for any wall size ranging from 3" to 9-1/2" with our 400 series custom-sized frames.

Fabrication Charges:

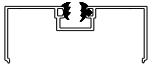

Sidelights & Borrowed Lights - \$16.00

Additional vertical mullions or horizontal muntins - \$12.00

Negative Pressure fire rated sidelights - \$27.00

No discount is applied to the charges above

Terms and Conditions

CREDIT:

Extension of credit shall be at our discretion.

TERMS:

1% 10, Net 30. Charges for development, freight and sales tax are not subject to discount. Past due accounts will bear interest, service and carrying charges at the rate of 1% per month.

PATENTS:

(Customer designs or fabrication) - Customer agrees to indemnify and hold us harmless against any loss resulting from infringement or litigation of patents or copyrights.

ORDER ACCEPTANCE:

All orders are subject to approval and acceptance by an authorized executive of Western Integrated Materials. When accepted, orders become binding contracts and any changes or cancellations are subject to charges for costs incurred.

DELIVERY:

All materials are carefully inspected prior to leaving our plant. Consignee's acceptance, after inspection, of the goods from the carrier shall constitute a waiver of claim for damages against seller for goods damaged in transit. Freight damage claims should be made with carrier involved. Claims for shortages must be made in writing within ten (10) days of shipment.

TOOLING:

Non-recurring development charges, dies, and tooling remain the property of Western Integrated Materials, Inc. and we reserve the right to make changes in designs, additions to or improvements in the product described without incurring obligations.

PRICING PROTECTION:

All orders are accepted subject to (1) price in effect at time of shipment (2) availability of raw materials. Prices do not include tax or delivery and are subject to change without notice. ALL MATERIAL F.O.B. LONG BEACH, CA.

CONDITIONS:

Seller will use its best efforts to ship goods ordered by Buyer on agreed dates. Seller shall not be liable to Buyer for damages for late shipment nor shall the validity of a sales agreement be affected by acts of God, fire, war, civil commotion, strikes, shortages of labor or material, casualties or any other condition beyond the control of Seller.

If Buyer elects to delay shipment of goods later than the original shipping date requested, Seller may invoice Buyer on original shipping date and Buyer agrees to pay as if the goods were timely shipped.

Seller shall not be responsible to Buyer or any third parties for any incidental or consequential damages suffered by buyer or third parties other than the sole remedy of returning the goods to Seller for a refund of the price. In the event of claim by third parties for such damages, the Buyer agrees to indemnify and hold harmless the Seller from such claims and damages.

WARRANTY

Western Integrated Materials, Inc. expressly warrants all components manufactured by Western Integrated Materials, Inc. to be free of defects in material and workmanship subject to the following terms, conditions and limitations:

1. The components must have been installed and maintained in strict accordance with all applicable safety codes, building standards and Western Integrated Materials, Inc. installation instructions and recommendations and be used under normal conditions and service;
2. The warranty is for a term of two (2) years from date of shipment providing that a written notification defining such defects is received by Western Integrated Materials, Inc. within a two (2) year period;
3. Western Integrated Materials, Inc.'s only liability for breach of this expressed warranty is, at Western Integrated Materials, Inc.'s cost to repair or replace such defective components;
4. Western Integrated Materials, Inc. makes no other warranties or representations, either expressed or implied, concerning a product's fitness for a particular purpose. In no event will Western Integrated Materials, Inc. be liable for direct, indirect, special or consequential damages including but not limited to loss of profits or use;
5. Items manufactured by others and supplied by Western Integrated Materials, Inc. carry the manufacturer's warranty only. In replacing defective items manufactured by others, Western Integrated Materials, Inc. will not assume charges for freight or labor;

Materials used or installed cannot be returned for credit unless approved in writing, by Western Integrated Materials, Inc. or its agents.

Western Integrated will not be responsible for or accept blind back charges. Back charges must be approved in writing by Western Integrated Materials, Inc. or its agents.
